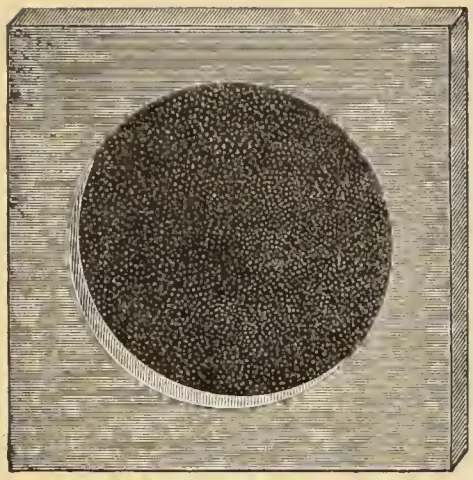
# COIN HOLDERS.



ACTUAL SIZE OF NO. 4.

These are made of cardboard $\frac{1}{8}$ inch in thickness, with holes of various sizes in the style of the accompanying cut, to fit nearly every class of Coins and Medals. The bottom is formed of strong velvet-faced paper. The surface gives room to write name and description of piece; the reverse side may be used for more lengthy details. They are now in use in many Museums and Public Collections in Europe and by prominent collectors here. They can be arranged in cabinet drawers and easily transferred from one drawer to another, and by their use both Cabinet and Coins are much improved in appearance. To give collectors a better understanding of what they are, I will mail a set of the eight pieces for **28 Cents, postage free.**

PRICES PER DOZEN, POSTAGE EXTRA.
